## Avery Dennison® 500 Event Film Series, Gloss & Matt

The versatile choice for indoor and outdoor displays

Avery Dennison® 500 Event Films are a highly versatile choice for many outdoor and indoor display applications - including directional signage, promotions, point-of sale, exhibitions and a wide range of other short-term needs.

These opaque, monomeric, calendered sign-cut films are available with a gloss or matt finish. A water-based adhesive improves sustainability by avoiding pollution from solvents, which means that 500 Event Films are also especially suitable for indoor applications.

The Avery Dennison® 500 Event Film Series offers excellent cutting properties on a wide range of computerised sign making equipment, with easy weeding of the matrix after cutting. The films have been developed specifically for signcutting purposes, and are thermal transfer printable.

### FEATURES

- > Excellent conversion properties for computerised signmaking
- > 47 matt colours with both permanent and semi-permanent adhesives
- > 47 gloss colours with a permanent adhesive
- > **Improved** dimensional stability across the whole range
- > Blue contrast backing paper on gloss/matt white for simple conversion
- > **New** grid liner imprint for easier manual cutting

### RECOMMENDATIONS FOR USE

- > Short-term outdoor marking, advertising and directional signage
- > Interior sign and display panel applications
- > Exhibition stands, promotional displays and interior architectural signs
- > Special coloured promotional stickers

**500 EVENT FILM GLOSS PERMANENT ADHESIVE**  
**500 EVENT FILM MATT PERMANENT AND SEMI-PERMANENT ADHESIVES**

Avery Dennison® has made every effort to match the colours in our 500 Event Film portfolio as close as possible to the Pantone and RAL colour code equivalents. The table is designed to help you get a better idea of colour similarities but we cannot guarantee an exact colour match. Colour cards and/or samples are available on request.
